There are no other conditions, understandings, agreements, representations, or warranties, expressed or implied, which are not specified herein. This Agreement may only be modified by a written document executed by Cisco and Registered Partner, subject to Part B22.5 (Enforceability) below.

Part A. Definitions.

1. **Added Value** is the non-Cisco component or portion of the total solution which Registered Partner provides to End Users. Examples of Added Value are pre- and post-sales network design, configuration, trouble-shooting, managed services, cloud services, and support and the sale of complementary products and services that comprise a significant portion of the total revenues received by Registered Partner from an End User of Cisco Products. Registered Partner acknowledges that providing financing options and/or network services (unless such network services comprise managed and/or cloud services) to End Users does not constitute Added Value.
2. **Authorized Source** means a distributor that is authorized by Cisco to redistribute Products and Services within the Territory (or within another country of Cisco’s choice, in the event that no Ciscoauthorized distributor exists within the Territory) to Registered Partner, as they are from time to time identified at <https://www.disticompass.com/user/Distributor/Locator> or as otherwise provided by Cisco from time to time. If Registered Partner is a Cisco Learning Partner, **Authorized Source** means a Cisco authorized Learning Partner source, such as Gilmore Global Logistic Services. If Registered Partner enters into this Agreement as a Learning Partner, it is for the sole purpose of purchasing and distributing Cisco’s Collaborative Knowledge Product.
3. **Cisco-Branded** means Products or Services bearing a valid Cisco trademark or service mark.
4. **Country Group** means then-current list of single countries and groups of countries as defined at <https://www.cisco.com/go/countrygroups/>.
5. **Direct Resale Agreement** means Cisco’s System Integrator Agreement, Two-Tier Distributor Agreement or any substantially similar Cisco contract with a different title that authorizes Registered Partner to purchase Products and Services directly from Cisco and Resell them to End Users either directly or indirectly. “Direct Resale Agreement” does not include the Internet Commerce Agreement.

6. **End User** is the final purchaser or licensee that: (i) has acquired Product, managed services, and/or Services for its own Internal Use and not for Resale, remarketing or distribution, and (ii) is identified as such purchaser or licensee by Registered Partner pursuant to Part B.3.1 below.
7. **End User Obligations** means the compliance obligations of End Users when purchasing Services in addition to End User responsibilities set out in the applicable Services Descriptions. The End User Obligations are posted at <http://www.cisco.com/go/servicedescriptions>.
8. **Internal Use** is any business use of a Product for an End User's or Registered Partner's own internal use; it is to be distinguished from the definition of Resale provided below. For clarification purposes, "internal use" does *not* mean the use of a Product or Service by Registered Partner for the purpose of providing managed or cloud services to an End User.
9. **Marks** means the Cisco Registered Partner logo, the Cisco Certified Partner marks for which Registered Partner qualifies and has been approved by Cisco, and any other Cisco program or certification mark for which Registered Partner qualifies and has been approved by Cisco. "Marks" expressly excludes any other Cisco trademark, service mark, name, or logo. The Marks and the applicable qualification requirements are delineated at Cisco's web site: <http://www.cisco.com/go/partnerlogos>.
10. **Non-Genuine Products** are any and all products: (i) to which a Mark or other Cisco trademark or service mark has been affixed without Cisco's express written consent; (ii) that have not been manufactured by Cisco or Cisco Technologies, Inc. ("CTI") or by a licensed manufacturer of either Cisco or CTI in accordance with the applicable license; (iii) are produced with the intent to counterfeit or imitate a genuine Cisco Product, or (iv) Products where any form of copyright notice, trademark, logo, confidentiality notice, serial number or other product identifier have been removed, altered, or destroyed.
11. **Products** means the Cisco hardware products, Software, and related documentation which Cisco makes available to Registered Partner through an Authorized Source for Resale (or, in the case of Software, license grant to use such Software).
12. **Professional Services** means any pre- or post-sale services performed by Registered Partner for an End User, excluding training on Cisco Products, which provides Added Value for Cisco Products. Such services include without limitation pre- and post-sales network design, configuration, troubleshooting, management (remote/virtual or on premise), and support on Cisco Products.
13. **Professional Service Providers** are Registered Partners that wish to provide their own pre- and/or post-sales Professional Services to End Users.
14. **Registered Partner** means Professional Service Providers and/or Resellers (including managed services / cloud providers) that have registered using the Cisco Partner Registration Tool and accepted the terms and conditions of this Indirect Channel Partner Agreement.
15. **Resale** includes any of the following sales or dispositions of a Product or Service:
 - (a) transfer of title (or, for Software, a license conferring the right to use the Software, and, for Services, the entitlement to receive such Services) to the End User of such Product or Service;
 - (b) transfer of title (or, for Software, a license conferring the right to use the Software, and, for Services, the entitlement to receive such Services) to a financial intermediary such as a leasing company, even if such leasing company is affiliated with Registered Partner, where the Product or Service is used by an unaffiliated End User; or
 - (c) retention of title (or, for Software, a license conferring the right to use the Software, and, for Services, the entitlement to receive such Services) by the Registered Partner, but only where the Product or Service is deployed to facilitate the provision by the Registered Partner of hosting, outsourcing, managed services, cloud services, or any other provisioned services for the use of

End Users who are not affiliated with the Registered Partner and who contract with the Registered Partner for the provision of such services.

In no event shall the term Resale include use of a Product or Service for the provision of network services to the general public. The verb "**Resell**" means to engage in Resale. For clarification purposes, use of a Product or Service by Registered Partner for the purpose of providing managed or cloud services to an End User does not constitute network services.

16. **Reseller** is a Registered Partner that purchases and/or licenses Services and Products from an Authorized Source and Resells them directly to End Users.
17. **Services** means one or more of the Cisco Branded Services and Collaborative Services made available under the Cisco Services Partner Program ("Program"), further described in Attachment A to this Agreement.
18. **Service Description** means the description of Services, as of the purchase date of such Services, to be made available by Cisco, and the terms and conditions under which those Services are provided. Each available Service has its own Service Description, which can be found at <http://www.cisco.com/go/cspp/>.
19. **Software** is the machine-readable (object code) version of computer programs developed or marketed by Cisco, including firmware and any related documentation.
20. **Territory** means the country identified by Registered Partner in the applicable Partner Registration Application accepted by Cisco. If that country resides within a Country Group, the Registered Partner's Territory shall include all countries within the associated Country Group.
21. **Unauthorized Cisco Product** means any genuine Cisco Product or Cisco Service that has been purchased or acquired, either directly or indirectly, from any party other than Cisco and/or an Authorized Source or sold to any party other than an End User. Unauthorized Cisco Products do not include Non-Genuine Products.

Part B. Registered Partner Terms and Conditions.

1. Cisco Authorization and Resale Rules.

- 1.1 Cisco Authorization. Subject to the terms and conditions set forth in this Agreement, and during this Agreement's term, as set forth below, Cisco authorizes Registered Partner to purchase and/or license Services and Products only from an Authorized Source, and to Resell and/or redistribute such Services and Products directly to End Users within the Territory. "Within the Territory" means that End Users must deploy the Products and/or receive the Services within the Territory. To assist Registered Partner in its sales and marketing efforts, Registered Partner may also purchase and/or license Services and Products for its purchases of demonstration, evaluation, and lab equipment. Registered Partner may only use such Services and Products for demonstration, evaluation, or lab purposes. Except to the extent permitted by Applicable Law, any Software received with or for such Products may not be distributed further, and, notwithstanding any other provision of this Agreement, all Software for such Products is licensed to Registered Partner solely for its use for demonstration, evaluation, or lab purposes.
- 1.2 No Resale Outside the Territory. Registered Partner agrees not to solicit Product or Service orders, engage salespersons, Resell, or establish warehouses or other distribution centers outside of the Territory. For purposes of clarification, Cisco considers the following to be soliciting Product or Service orders outside of the Territory in violation of the Agreement, except as expressly authorized by Cisco in writing in advance: where Registered Partner solicits for Resale or Resells Cisco Product or Services to an End User that is located outside the Territory and otherwise has no meaningful operations in the Territory, even if delivery of the Cisco Product or Service occurs in the Territory.

- 1.3 Sales to End Users. Registered Partner certifies that it is acquiring the Products and Services solely for Resale to End Users, in accordance with this Agreement. Registered Partner will not Resell, license, sublicense or distribute Products or Services to other Registered Partners of Cisco Products or Services, whether or not such other Registered Partners are authorized by Cisco or by any other source to Resell or license Products or Services. Notwithstanding the above provisions of this Part B.1.3, Registered Partner may Resell Products or Services to any other Cisco-authorized Registered Partner of Cisco Products or Services in the Territory, provided that such other Registered Partner is purchasing and using such Products or Services strictly as an End User and strictly for its Internal Use in the Territory.

Registered Partner certifies that it will not misrepresent service coverage to End Users by selling Services to End Users without purchasing service contract coverage for those specified items from an Authorized Source.

Registered Partner further acknowledges that destroyed, stolen, altered or damaged Products are not entitled to Services, as more fully set forth in Cisco's published non-entitlement policies at <http://www.cisco.com/go/warranty>, which are expressly incorporated into this Agreement.

Altered products include any modification to the product serial number, MAC address, or components.

- 1.4 Non-Genuine Products or Unauthorized Cisco Products. Registered Partner may not purchase or Resell Non-Genuine Products or Unauthorized Cisco Products or Resell Services associated with any Non-Genuine Products or Unauthorized Cisco Products.

If Cisco determines that Registered Partner has Resold and/or redistributed Unauthorized Cisco Products, then Cisco may, at Cisco's sole discretion: (a) audit Registered Partner's purchase and Resale records of Cisco Product and relevant records pursuant to Part B.22.6 and/or (b) invoice Registered Partner for all reasonable costs incurred by Cisco in its performance of the Audit and/or (c) suspend shipments to Registered Partner.

For all Unauthorized or altered Cisco Products, Cisco reserves the right to deny or withhold any Services on such Products, per the non-entitlement policies referenced above.

- 1.5 Renewal of Services.

- (a) Sixty (60) Days Prior to Service Contract Expiration Date : At least sixty (60) days prior to the expiration date of a Service contract, Cisco, or its authorized agents, may send Service contract renewal reminder notices to Registered Partner and/or the identified End User, and Registered Partner will either: (i) initiate the Service contract renewal process with the End User and forward to Cisco the completed service contract renewal with a valid purchase order; or (ii) notify Cisco in writing of Registered Partner's intent to not renew the Services.
- (b) At the Service Contract Expiration Date : If, upon the expiration date of the Service contract, Registered Partner has not renewed the Services, Cisco or its authorized agents, may contact the End User to arrange for the renewal of such Services with Cisco directly or via another Cisco-authorized Registered Partner.

- 1.6 Unsupported Products. If Registered Partner elects not to Resell Services at the time of Product purchase or if Product becomes unsupported due for whatever reason at some point subsequent to initial deployment, Registered Partner shall refer End User information, including but not limited to End User name, address and phone number to Cisco within ninety (90) days of Product becoming unsupported and authorizes Cisco to contact the End User for the express purpose of contracting directly for support services for the unsupported Product identified by Registered Partner.

2. **Added Value Requirement.** Each time a Registered Partner Resells Services or Products to an End User, Registered Partner will include its Added Value. Registered Partner must be able to demonstrate Products to prospective End Users at the End User's location and make Professional Services available for each Product Resold by Registered Partner.
3. **Registered Partner Obligations.**
 - 3.1 Point of Sale Reports. Registered Partner shall identify the complete name and address of each End User in the applicable Product purchase order issued to the Authorized Source. Additionally, Registered Partner shall identify the complete name and address of each End User in writing within five (5) days of receiving any request from Cisco or the Authorized Source. Registered Partner acknowledges that its provisioning to Cisco of adequate End User information is critical in order for Cisco to provide any applicable warranty and/or other service support, and to verify End User's entitlement to same. Registered Partner's material and unexcused failure to timely provide such End User information may be grounds for Cisco's termination of this Agreement prior to its expiration. Additionally, Registered Partner must comply with any other point of sale reporting requirements published by Cisco from time to time, and/or the Authorized Source(s) from which such Registered Partner purchases and/or licenses Services and Products.
 - 3.2 Agreements with an Authorized Source. Registered Partner acknowledges that each Authorized Source may require Registered Partner to enter into other agreement/s with an Authorized Source. Registered Partner acknowledges and accepts that each Authorized Source is an independent party who is not empowered to act on behalf of Cisco or bind or represent Cisco in any manner. Therefore, such agreement/s will be considered executed only between Registered Partner and each Authorized Source with which Registered Partner has entered into such agreements, except to the extent that such agreements specifically identify Cisco as a third party beneficiary of such agreements. For the avoidance of doubt, this Agreement shall not constitute a sale, purchase or distribution agreement with Cisco. Any arrangements between the Registered Partner and an Authorized Source with respect to the sale, purchase or distribution of Cisco Products and/or Services will need to be defined in separate, specific agreements between Registered Partner and each Authorized Source selected by Registered Partner.
 - 3.3 Additional Requirements. Registered Partner acknowledges that Cisco may require Registered Partner to achieve particular requirements, for example particular specializations, certifications, or training requirements, before permitting any Authorized Source to make available particular Products or Services to Registered Partner. Cisco may require on-going fulfillment of some or all of the requirements to retain the right to purchase, license, Resell or support such Products and Services. Information is available regarding such requirements on the Cisco Channel Partner Program website, located at <http://www.cisco.com/go/channelprograms>.

Cisco reserves the right, during the term of this Agreement, to license and distribute additional items of Software. Such items of Software may be licensed under additional or different policies and license terms, which will be made available to Registered Partner at the time such items of Software are provided to Registered Partner. Also, Registered Partner acknowledges that Resale of Products and Services to particular End Users with which Cisco has contracted directly (for example, state governments) may require Registered Partner to satisfy additional requirements and to enter into supplemental agreements with Cisco.

 - 3.4 No Stocking of Product. Registered Partner may not stock Products, and may not order Products without a valid End User purchase order. This Part B.3.4 does not apply to Registered Partners in Japan.
 - 3.5 Due Diligence. Registered Partner must complete any due diligence or other questionnaire provided by Cisco and must comply with such other due diligence or other compliance requirements requested by Cisco in writing.

- 3.6 Maintenance of Minimum Eligibility Requirements. Registered Partner must meet and continue at all times to meet the following eligibility requirements:
- 3.6.1 Existing Cisco User ID: Registered Partner must have at least one existing Cisco User ID, which will be used to initiate Registered Partner's application for this Agreement. The individual associated to this Cisco User ID must be authorized to sign a legally binding document on behalf of Registered Partner's legal entity. A Cisco User ID can be obtained by going to <https://id.cisco.com/signin/register>
- 3.6.2 Existing Cisco Authorized Distributor Account and Viability: Registered Partner must have at least one existing and active customer account relationship with a Cisco Authorized Distributor. This Distributor must be physically located or authorized to sell in the country or sales territory where Registered Partner is registering with Cisco. Registered Partner must provide Cisco with all Authorized Distributor(s) and customer account number(s) to validate its intent and ability to purchase and resell through Cisco's Authorized Distribution channel.
- 3.6.2.1 At time of new Partner registration, Registered Partner must choose and designate a Cisco Authorized Distributor, who will be responsible for engaging with Registered Partner for on-boarding and training purposes. Registered Partner may purchase Products and Services from any Cisco Authorized Source (or Authorized Channel), but must designate an initial distributor for these training purposes.
- 3.6.2.2 If Registered Partner is approved as a Cisco Registered Partner, Registered Partner must update and maintain its Distributor account information within its Partner profile account at Cisco by using the Cisco Partner Self Service (PSS) or other Cisco-provided Partner Account management tool. Registered Partner may be restricted from purchasing through a Distributor if the information is not provided at the time of registration or is not updated and maintained in the Partner Account profile information at Cisco.
- 3.6.2.3 If Registered Partner does not have a current account relationship with a Cisco Authorized Distributor, Registered Partner may use the Cisco Authorized Distributor Locator, located at <https://www.disticompass.com/user/Distributor/Locator>, to contact a Cisco Distributor that will best service its business needs.
- 3.6.3 Release of Information: By submitting the Partner registration application and accepting the terms of this Agreement, Registered Partner authorizes the release of its information, including its customer Account Number(s) at the Distributor, Reseller name, and contact information to Cisco and Cisco- authorized third parties, including Cisco Authorized Distributors, to validate Registered Partner's intent and ability to resell and to initiate new partner onboarding, training, and sales engagement. Registered Partner also indemnifies and holds Cisco and its authorized third parties and Cisco Authorized Distributors harmless for any claim or judicial action whatsoever resulting from the use of such information.
- 3.6.4 Physical Address in Country: Registered Partner must have at least one physical location within the Country Group in which it is applying for Cisco Partner Registration. The physical location must be Registered Partner's actual business location and not a rented mailbox, a private residence, virtual office, third party location or a commercial logistics supplier. If approved as a Registered Partner, Registered Partner must list at least one physical location in Cisco's Partner Locator tool.
- 3.6.5 Business Email Address: Registered Partner must provide a business email address as its primary email address during registration. A business email address does not mean a public domain email address, such as yahoo.com or gmail.com.

- 3.6.6 Phone Number: Registered Partner must provide and maintain with Cisco, a valid phone number where Registered Partner can be contacted by Cisco.
- 3.6.7 Company Web Address: Registered Partner must provide and maintain a valid web address for itself.

4. Government Sales.

- 4.1 For Government Sales in which Registered Partner's Territory does not include the United States:
 - 4.1.1 Schedule Contracts. Registered Partner shall not, without the express prior written consent of Cisco, distribute or sell, either directly or indirectly, any Products to any agencies, departments or entities (whether or not within the Territory) which either form part of, or are subject to the procurement requirements of, the federal government or any state or municipal government of any of the United States of America (including, for example, but without limitation, embassies, military bases, etc.).
 - 4.1.2 Government Terms. Cisco does not accept any government flow-down provisions, whether for Resale or Internal Use. Further, Cisco will not provide any governmentrequired representations or certifications to Registered Partner or any of Registered Partner's End Users.

Notwithstanding the foregoing, Registered Partner may Resell Products and Services to federal, state, provincial and local governments within the Territory, subject to this Agreement and the applicable Cisco qualification and eligibility requirements, including Cisco's aforementioned disclaimers of supply representations or government flow-downs.

- 4.2 For Government Sales in which Registered Partner's Territory does include the United States:
 - 4.2.1 Schedule Contracts. With respect to US General Services Administration ("**GSA**"), California Multiple Award Schedule ("**CMAS**"), and other schedule contracts, Registered Partner is prohibited from placing Cisco Products and Services on Registered Partner's GSA, CMAS, or any other schedule contract(s) without the express written approval from an authorized representative of Cisco's Federal Channels organization.
 - 4.2.2 Government Terms. Cisco does not accept any government flow-down provisions, including but not limited to, the United States Government Federal Acquisition Regulations ("**FARs**") and its supplements, Defense FARs, or NASA FARs, whether for Resale or Internal Use. Further, Cisco will not provide any governmentrequired representations or certifications to Registered Partner or any of Registered Partner's End Users.
 - 4.2.3 Registered Partner acknowledges that the Trade Agreements Act, 19 U.S.C. §2511 et seq., and its implementing regulations (collectively, the "**TAA**") limit the ability of the federal government to purchase items produced outside the United States and certain designated countries. Registered Partner acknowledges that not all Cisco items are produced in the United States or designated countries and that only certain items specifically identified by Cisco ("**Designated Country Items**") are certified as being produced in the United States or designated countries. If Registered Partner undertakes to sell items other than Designated Country Items to the federal government, Registered Partner accepts sole responsibility for ensuring that such sales may be made to the federal government.

- 4.2.4 Notwithstanding the foregoing, Registered Partner may Resell Products and Services to the U.S. Federal Government within the Territory, subject to this Agreement and enrollment in and meeting the eligibility requirements of the Cisco U.S. Federal Authorization process managed by Cisco's authorized distributors. Registered Partner may contact one of Cisco's authorized distributors for more information on the process.

5. Pricing.

- 5.1 Registered Partner Prices. The prices Registered Partner pays for Services and Products will be set unilaterally by the Authorized Source from which Registered Partner purchases such Services and Products. Registered Partner is free to unilaterally determine its Resale prices.
- 5.2 Special Pricing. Any commitment from Cisco to provide special pricing will only occur through the provision of an approved Deal ID. Unless you are notified in writing, including by email, of the Deal ID in relation to special pricing, then any other notification of pricing is indicative only, and is not binding upon Cisco.

6. Proprietary Rights and Software Licensing.

- 6.1 Grant of Rights. Subject to the terms and conditions set forth in this Agreement, Registered Partner's or End User's use or access to Software or SaaS is subject to Cisco's EULA and applicable End User terms (<http://www.cisco.com/go/terms>). In order to ensure that End User understands that use of the Product is subject to the applicable End User terms (<http://www.cisco.com/go/terms>), Registered Partner shall provide the applicable End User terms (<http://www.cisco.com/go/terms>) to each End User as part of the commercial transaction between Registered Partner and End User for the applicable Product, or otherwise prior to End User's access to or use of the Product.
- 6.2 Rights Reserved by Cisco. Except for the limited license provided to Registered Partner in the preceding Part B.6.1, Cisco reserves all right, title, and interest in and to each proprietary right embedded in or contained in any Product. Registered Partner acknowledges that it shall not sublicense (except as expressly authorized by Cisco in writing), copy Software or Documentation for the benefit of, or distribute any Software or Documentation to, any other person or entity, including, without limitation, other Registered Partners. No 'sale' of any Software is conveyed.
- 6.3 License Restrictions and Conditions. Registered Partner will not remove, alter, or destroy any form of copyright notice, trademark, logo, or confidentiality notice provided with any Product. Registered Partner will not affix any other mark or name to any Product without Cisco's express written permission. Registered Partner agrees that it will not redistribute Software (including Software received as part of a Product) received from any source other than Cisco or an Authorized Source. Registered Partner will not translate, reverse compile or disassemble the Software, and will transfer to each End User to which Registered Partner Resells Products all applicable and then-in-effect EULA and end-user documentation provided by Cisco and accompanying such Products. Registered Partner shall notify Cisco promptly of any breach or suspected breach of the Cisco license terms or third party license and further agrees that it will, at Cisco's request, assist Cisco in efforts to preserve Cisco's or its supplier's intellectual property rights including pursuing an action against any breaching third parties.
- 6.4 Non-Cisco Products. If Registered Partner chooses to order from Cisco non-Cisco branded products and/or services that are on the GPL and to be delivered in connection with this Agreement, then such third-party software and/or services along with related documentation shall be governed by the applicable third party's applicable license and

services/support terms. Registered Partner agrees that it shall enter with the third party into such appropriate agreements whose terms shall solely govern the purchase and delivery of these.

7. **Registered Partner Benefits.** Subject to Registered Partner's compliance with its obligations under this Agreement, Registered Partner shall be entitled to the following benefits:
- 7.1 Cisco.com Access. Registered Partner shall have partner-level access to the information and tools on the Cisco.com web site (previously referred to as "CCO"), provided Registered Partner's use of such information is subject to the terms and conditions of Cisco.com (including, without limitation, Cisco's software license terms associated with Registered Partner's downloading of any software from Cisco.com) and the Confidentiality obligations of this Agreement set forth in Part B.10 below;
- 7.2 Partner Locator Listing. Unless Registered Partner tells Cisco in writing that it may not do so, Cisco may include Registered Partner in the Cisco Partner Locator tool within the Cisco.com web site;
- 7.3 Registered Partner Logo. Subject to Part B.9 below, Registered Partner may use the Marks to promote the sale of Products, Services and Professional Services to End Users within the Territory; and
- 7.4 Partner E-Learning Access. Registered Partner shall have the right to register on Partner E-Learning Connection, to the extent Cisco makes such service available to Registered Partner within the Territory.
8. **Term and Termination.**
- 8.1 Term. This Agreement will expire one (1) year after the date it is accepted by Cisco, unless extended by written agreement of both parties or sooner terminated pursuant to this Agreement.
- 8.2 Termination. Within the first thirty (30) days following the Effective Date of this Agreement, either party may terminate this Agreement for convenience with no notice. After the first thirty (30) days following the Effective Date of this Agreement, this Agreement may be terminated for convenience, for any reason or no reason, by either party upon no less than thirty (30) days prior written notice to the other. This Agreement may be terminated by Cisco for cause at any time upon Registered Partner's material breach of the Agreement, on ten (10) days' notice, except that this Agreement may be terminated by Cisco immediately upon Registered Partner's breach of any provision of Parts B.1.2 (No Resale Outside the Territory), B.1.3 (Sales to End Users), B.1.4 (Non-Genuine Products or Unauthorized Cisco Products), B.2 (Added Value Requirement), B.6 (Proprietary Rights and Software Licensing), B.9 (Use of the Marks), B.10 (Confidentiality and Publicity), B.11 (End User License Agreement), B.16 (Export Restrictions and Controls and Import Customs Compliance), B.19 (Compliance with Laws, including Anti-Corruption Laws), B.22.1 (Assignment), B.22.6 (Audit), and where Registered Partner fails to complete any due diligence questionnaire or other questionnaire provided by Cisco and/or to comply with such other due diligence or other compliance requirements requested by Cisco in writing and/or to meet Cisco's general due diligence requirements.
- 8.3 Effect of Termination. Upon the termination or expiration of this Agreement, Registered Partner's rights to purchase Services and Products from any Authorized Source shall immediately terminate, Cisco shall discontinue all Registered Partner benefits listed in Part B.7 above, and Registered Partner shall immediately (a) cease to represent itself as a Cisco Registered Partner, and (b) cease its use of any of the Marks.
9. **Use of the Marks.**
- 9.1 During the term of this Agreement, and subject to all other terms and conditions of this Agreement, Cisco grants to Registered Partner a nonexclusive, nontransferable, royalty-free, personal license to use the Marks in the exact form provided by Cisco in the Territory, solely to promote the Resale of Cisco Products and Services to End Users. Registered

Partner agrees and acknowledges that Cisco is the sole owner of the Marks, and that all goodwill arising from use of the Marks shall inure to Cisco's sole benefit. Registered Partner will not register or seek to register the Marks, or use or adopt any mark, name, domain name or designation that is confusingly similar to the Marks or otherwise violates Cisco's rights in the Marks. Registered Partner also agrees that it will not take any action to challenge or interfere with, directly or indirectly, the validity of the Marks or Cisco's use, ownership, or registration of the Marks.

- 9.2 Registered Partner shall not affix the Marks or any other Cisco trademark or name to any product. Registered Partner agrees that it will not use the Marks or any other Cisco marks or names in anyway not expressly authorized by Cisco in writing. - 9.4 Non-Genuine Products
- 9.4.1 Registered Partner shall not acquire, use, promote or Resell Non Genuine Products. Registered Partner will not remove, alter, or destroy any form of copyright notice, trademark, logo, confidentiality notice, serial number or other product identifier provided with any Product.

Registered Partner shall only use Cisco's confidential information in connection with the promotion and Resale of Products and Services. Upon the termination or expiration of this Agreement, each Party will promptly return or destroy any confidential information provided by the other Party. Except as expressly provided in this Agreement, neither Cisco nor Registered Partner will issue press releases or make other public announcements that identify Registered Partner as an authorized or registered Cisco Channel Partner without the express written consent of the other party. In addition, Registered Partner shall at no time (nor cause any third party to) take any action, publish or otherwise communicate anything which is or may be detrimental to the business reputation of Cisco.

12. **Limited Warranty / Warranty Disclaimer.**

- 12.1 Warranty. The warranty for Cisco-Branded Products will be provided by Cisco with the Product, or, if no written warranty statement is provided, the Limited Warranty Statement for Cisco-Branded Products is available at the following URL: <http://www.cisco.com/go/warranty>.

PRODUCTS THAT ARE NOT BRANDED BY CISCO WITH THE CISCO TRADEMARK OR SERVICE MARK ARE NOT COVERED BY THE CISCO WARRANTY REFERENCED ABOVE. INSTEAD, SUCH THIRD-PARTY PRODUCTS MADE AVAILABLE WITH CISCO PRODUCTS AND SOLUTIONS, INCLUDING BUT NOT LIMITED TO THE UNIFIED COMPUTING SYSTEMS ("UCS") SOLUTION, SHALL BE COVERED BY THEIR OWN MANUFACTURER'S WARRANTY.

- 12.2 Disclaimer. EXCEPT AS SPECIFIED IN THE LIMITED WARRANTY STATEMENT SPECIFIED IN PART B.12.1 ABOVE, ALL EXPRESS OR IMPLIED CONDITIONS, REPRESENTATIONS OR WARRANTIES INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE (EVEN IF KNOWN TO CISCO), NONINFRINGEMENT, SATISFACTORY QUALITY OR ARISING FROM A COURSE OF DEALING, LAW, USAGE, OR TRADE PRACTICE ARE HEREBY EXCLUDED TO THE GREATEST EXTENT ALLOWED BY APPLICABLE LAW. REGISTERED PARTNER AGREES TO INDEMNIFY CISCO AND HOLD CISCO HARMLESS FROM ANY WARRANTY MADE BY REGISTERED PARTNER BEYOND THE LIMITED WARRANTY REFERENCED IN PART B.12.1.

13. **Patent, Copyright, and Trademark Infringement Indemnification**

- 13.1 **Claims.** Cisco will defend any claim against Registered Partner that a Cisco-Branded Product provided under this Agreement infringes third party patents, copyrights, or registered trademarks (the "Claim") and will indemnify Registered Partner against the final judgment entered by a court of competent jurisdiction or any settlements arising out of a Claim.
- 13.2 Registered Partner will:
- 13.2.1 Promptly notify Cisco in writing of the Claim (or threat thereof), and any subsequent litigation updates; and

- 13.2.2 Cooperate with Cisco in the defense of the Claim (including any statements to third parties regarding the Claim), and grant Cisco full and exclusive control of the defense and settlement of the Claim and any subsequent appeal.

If Registered Partner fails to notify Cisco promptly of the Claim, and that failure prejudices Cisco's ability to defend, settle or respond to the Claim, then Cisco's obligation to defend or indemnify Registered Partner with respect to that Claim will be reduced to the extent Cisco has been prejudiced. In addition, such failure to provide prompt notification shall relieve Cisco of any obligation to reimburse for Registered Partner's attorneys' fees incurred prior to notification.

- 13.3 Additional Remedies. If a Claim is made or appears likely, Registered Partner agrees to permit Cisco to procure for Registered Partner the right to continue using the Cisco- Branded Product, or to replace or modify the Cisco-Branded Product with one that is at least functionally equivalent. If Cisco determines that none of those alternatives is reasonably available, then Registered Partner will return the Cisco-Branded Product and Cisco will refund Registered Partner's remaining net book value of the Cisco-Branded Product calculated according to generally accepted accounting principles.

SUCH LIABILITIES WILL BE EXCLUSIVELY GOVERNED BY THE SPECIFIC AGREEMENTS BETWEEN REGISTERED PARTNER AND THE AUTHORIZED SOURCE, UNDER WHICH SPECIFIC CISCO PRODUCTS AND/OR SERVICES ARE PURCHASED.

15. **Third Party Rights.** To the extent permitted by law, no person or entity who is not a party to this Agreement shall be entitled to enforce or benefit from any of this Agreement's terms, including but not limited to doing so under the Contracts (Rights of Third Parties) Act of 1999.

16. **Export Restrictions and Controls and Import Customs Compliance.**

16.1 **Export Restrictions and Controls.**

16.1.1 Applicability. Cisco Products, technology, and Services are subject to U.S. and local export control laws and regulations. The Parties shall comply with such laws and regulations governing use, export, re-export, and transfer of Products and technology and will obtain all required U.S. and local authorizations, permits, or licenses.

Registered Partner agrees not to use any export and/or re-export licenses or authorizations that Cisco or its affiliates hold for securing its own activities unless specifically authorized by Cisco's Global Export Trade and where legally compliant. Registered Partner agrees to institute and maintain an effective internal export compliance program to ensure compliance with its export and re-export activities.

16.1.2 Government/Military Sales. Registered Partner hereby certifies that none of the Products, Services, or technical data supplied by Cisco under this Agreement will be knowingly sold or otherwise transferred to, or made available for use by or for, any government or military end-users or in any government or military end-use located in or operating under the authority of any country not identified in Supplement No. 1, Country Group A:1 to Part 740 of the EAR without US or other country's export authorizations.

16.1.3 Registered Partner also certifies that none of the Products, Services or technical data supplied by Cisco under this Agreement will be knowingly sold or otherwise transferred to, or made available for use by or for, any entity that is engaged in the design, development, production or use of nuclear, biological or chemical weapons or missiles or is otherwise restricted from receiving Cisco Products without US or other country's export authorizations.

16.1.4 Trade Data. Registered Partner may locate ECCN (Export Control Classification Number), HTS (Harmonized Tariff Schedule), French DCSSI Authorization, Encryption Strength, Encryption Status and CCATS (Commodity Classification Automated Tracking System) number at the following URL: <http://tools.cisco.com/legal/export/pepd/Search.do>

16.1.5 Record Keeping. Registered Partner agrees to maintain a record of sales, imports, exports and re-export of Cisco Products, technology, and Services in accordance with the Registered Partner's records retention programs in the appropriate geographies but at least for five years.

16.2 **Import Customs Compliance.**

16.2.1 Registered Partner agrees to comply with Customs import and other trade and tax related laws and regulations ("**Trade laws**") of the United States and other national governments.

16.2.2 Registered Partner agrees to comply with the Trade Agreement Act (TAA),

(unless subject to a valid waiver) any time Cisco Products will be sold to an End User that is identified as a US government entity. For all such orders, Registered Partner agrees to request, via Cisco's ordering tools, that any Product included in the order has a TAA eligible country of origin. Registered Partner also agrees to comply with any similar rules or regulations promulgated by a non-US government that would similarly apply to sales to an entity of that government.

16.2.3 **Country of Origin.** Country of Origin (CO) shown on Cisco's commercial invoices is determined according to the Worldwide Customs Organization (WCO) nonpreferential rules of origin. For purposes of clarification, the CO shown on any Cisco commercial invoice is based on a non-preferential CO treatment and should not be relied upon as a preferential CO treatment, unless and until written authorization has been provided by Cisco's Custom's organization. Registered Partner may seek information related to a request to obtain preferential treatment from Cisco's Custom's organization, however, Registered Partner acknowledges that Cisco's Custom's organization has no processes in place to respond or process such requests.

16.2.4 In instances where Cisco is not the importer of record, the provision of Trade Data, in particular the HTS Classifications, is undertaken without liability for errors and omissions contained therein. It remains the responsibility of the Registered Partner to ensure that the correct HTS is applied at the time of importation into the Territory.

16.3 **Obligation.** Registered Partner's obligation under this Article shall survive the expiration or termination of this Agreement.

17. **Obligation to Maintain Contacts.**

17.1 **Requirement to Maintain.** Registered Partners are required to have at least one valid contact associated to their company at all times in the Cisco Channel Partner Database.

17.2 **Valid Contact Information.** For Registered Partner's contacts to be "valid," its contact profiles in Cisco's Channel Partner Database ("CPD"), as maintained via the Partner Self Service ("PSS") data management tool, must include a First Name, Last Name, Site Address, and Email Address. Cisco will remove the Registered Partner from the CPD if the last valid contact associated with the company is removed from the CPD using the PSS tool. To regain Cisco Channel Partner status, a user from the company must complete registration as a new prospective Cisco Channel Partner.

17.3 **Reservation of Rights.** Cisco reserves the right to remove any Registered Partner without sufficient valid contacts at such time, and using such means, as Cisco may determine in its sole discretion. Whereas Cisco may choose, at its option, to provide certain forms of notification regarding the removal of a Registered Partner's status as a result of insufficient or invalid contacts in the PSS, Cisco is not under any obligation to provide notification of any kind regarding any such removal.

17.4 **Effect of Partner Removal.** If Cisco removes the Registered Partner from the CPD in accordance with the foregoing, or Registered Partner's status as a Registered Partner is otherwise removed from the CPD, this Agreement shall terminate concurrently.

18. **Entitlement.** Registered Partner acknowledges that Cisco has the right to verify an End User's entitlement to receipt of Services, and that End User is entitled to receive support services only on Product for which Cisco has been paid the applicable software license and support fees.

18.1 **Services for Unauthorized Cisco Products and Non-Genuine Products.** Non-Genuine Products are not eligible for Cisco service and support. Unauthorized Cisco Products are only eligible for Cisco service and support following an inspection. If it is determined that a Cisco Product has Unauthorized Cisco Products incorporated into it, Cisco reserves the right to withhold support services for that Product until such time as the Product is inspected by Cisco or its designated representative, with any applicable inspection and software licensing fees paid in full.

18.2 **Inspection and Software Relicensing.** Information on Cisco's Inspections and Software Relicensing program and policies can be viewed at the following link: http://www.cisco.com/en/US/prod/hw_sw_relicensing_program.html#~policy.

18.3 **Suspension and Termination of Support Contracts.** If Cisco determines that 1) Registered Partner or Customer does not have a valid license for the Product, 2) the Product was purchased from a source other than an Authorized Source without appropriate inspection and relicensing, or 3) a valid software license for the Product does not exist, Cisco reserves the right to either suspend any support service contract associated with such Products until such time as any applicable inspection is conducted and any applicable relicensing fees are paid for such Products, or to terminate the support service contract (in which event Cisco will provide a pro-rata refund of any paid support service fees for the remaining period of the support service contract). If Cisco determines that the Product is a Non-Genuine Product, then any associated support service contract will be terminated with immediate effect, and Registered Partner or Customer must immediately return to Cisco any replacement parts or other materials made available in connection with that NonGenuine Product.

18.4 **Initiation of Product Support.** Technical support is effective immediately upon opening a Cisco service contract. However, Products not under a valid Cisco Warranty at the time a new service contract is initiated will not be eligible for advance replacement service requests until 30 days after the initiation of the service contract.

Registered Partner certifies that it will not initiate or facilitate a service request on a Product (a) in furtherance of or with intent to commit any fraudulent or other illegal activities, or otherwise in violation of any applicable law, regulation, legal agreement, or Cisco's published policies; (b) in a manner that is abusive of Cisco programs or other information in this Agreement or in the Service Description; or (c) for Products that are not on the Registered Partner's valid support contract.

19. Compliance with Laws, including Anti-Corruption Laws.

19.1 Cisco requires that all of its suppliers, subcontractors, channel partners, consultants, agents and other parties with whom Cisco does business act at all times in a professional and ethical manner in carrying out their services and contractual obligations to Cisco, or on Cisco's behalf to a Cisco customer or other third party. To that end, Registered Partner must undertake to strictly comply with any and all country, federal, state and local laws, ordinances, codes, regulations, rules, policies and procedures, including, but not limited to, anti-corruption laws, such as the U.S. Foreign Corrupt Practices Act, U.K. Bribery Act, other anti-bribery laws ("**Applicable Laws**"). Registered Partner can find more information about the FCPA at the following URL: <http://www.usdoj.gov/criminal/fraud/fcpa/>, or by contacting publicsectorcompliance@cisco.com. Any violation of Applicable Laws in a country and regulations shall represent breach of this Agreement and could result in immediate termination of the business and contractual relationship between the Parties.

19.2 Upon request, Registered Partner may be required to have its own subcontractors, consultants, agents or representatives execute a similar written anti-corruption compliance statement, and to confirm to Cisco that such action has been taken.

19.3 **Registered Partner shall immediately report to Cisco any concerns it may have regarding any business practices by any Cisco employee or other Cisco Registered Partner by emailing ethics@cisco.com, or by calling Cisco's Helpline toll free number in North America 1-877-571-1700 or worldwide number (reverse calling charges to Cisco) 001-770-776-5611.**

19.4 Vendor Due Diligence and Compliance. Registered Partner will conduct appropriate, riskbased due diligence on Partner Vendors and ensure that they adhere to anti-bribery and anti-corruption policies no less comprehensive than Cisco's Global Anti-Corruption Policy for Partners published at http://www.cisco.com/web/about/doing_business/legal/anti_corruption.html.

“**Partner Vendor**” means vendors, suppliers, subcontractors, consultants, or agents engaged or used by Registered Partner in connection with a Cisco Offering.

“**Cisco Offerings**” means Products and Services collectively.

- 19.5 **Government Officials.** Registered Partner is prohibited from paying expenses for travel, lodging, gifts, hospitality, entertainment, or charitable contributions for Government Officials on Cisco’s behalf.

“**Governmental Entity**” means any national, provincial, or local government, department, agency, instrumentality, state-owned or state-controlled (in whole or in part) company, public international organization, political party, or entity that is financed in large measure through public appropriations, is widely perceived to be performing government functions, or has its key officers and directors appointed by a government.

“**Government Official**” means (i) any public or elected official or officer, employee (regardless of rank), or person acting on behalf of a Governmental Entity; and (ii) any party official or candidate for political office or any person acting on behalf of such party official or candidate for political office.

20. Dispute Resolution.

- 20.1 **Dispute Resolution.** Cisco and Registered Partner, (together, the “**Parties**”, or individually, each a “**Party**”) agree that any conflict, dispute, controversy, or claim arising out of or relating to this Agreement or the relationship created by this Agreement, including questions of arbitrability, whether sounding in tort or contract (together or individually a “**Dispute**”), shall be finally resolved in accordance with the following process:
- 20.2 **Escalation of Disputes.** Subject to Section 20.5 below, the Parties agree to attempt to resolve each Dispute by first escalating the Dispute to their respective business managers. Within fourteen (14) calendar days of written notice of a Dispute, or such other period the Parties may agree in writing, the business managers will meet in person or by phone and work in good faith to resolve the Dispute.
- 20.3 **Mandatory, Non-Binding Mediation.** Subject to Section 20.5 below, if the Parties are unable to resolve the Dispute in accordance with Section 20.2 above, either Party may initiate a mandatory, non-binding mediation. If Registered Partner is located in the United States, such mediation shall be in accordance with the JAMS mediation procedures then in effect. The JAMS mediation procedures are hereby incorporated by reference into this clause. If Registered Partner is located outside the United States, such mediation shall be in accordance with the London Court of International Arbitration (“**LCIA**”) Mediation Procedure then in effect, unless stated otherwise in this Agreement. The LCIA Mediation Procedure is hereby incorporated by reference into this clause.

The Parties shall share all fees and costs of the mediation proceedings.

All communications made during the course of the mediation by either of the Parties or the mediator are intended to be confidential and privileged to the extent permitted by law.

If Registered Partner is located in India, then the Parties may mutually decide to attempt resolution of the Dispute by conciliation under the Arbitration and Conciliation Act, 1996 (“**Act**”) and associated rules under the Act.

- 20.4 **Arbitration.** SUBJECT TO SECTION 20.5 BELOW, IF THE PARTIES ARE UNABLE TO RESOLVE THE DISPUTE THROUGH THE MEDIATION PROCESS WITHIN SIXTY (60) CALENDAR DAYS OF THE APPOINTMENT OF THE MEDIATOR, OR SUCH FURTHER PERIOD AS THE PARTIES SHALL AGREE TO IN WRITING, THE DISPUTE SHALL BE REFERRED TO AND FINALLY RESOLVED BY BINDING ARBITRATION. IF REGISTERED PARTNER IS LOCATED IN THE UNITED STATES, SUCH ARBITRATION SHALL BE IN ACCORDANCE WITH THE JAMS ARBITRATION RULES THEN IN EFFECT, WHICH ARE HEREBY INCORPORATED BY REFERENCE INTO THIS CLAUSE. The arbitrator shall set a limited time period and establish procedures designed to reduce the cost and time for discovery while allowing the Parties an adequate opportunity to discover relevant information regarding the subject matter of the Dispute.

Cisco shall pay all fees and costs of the arbitration proceedings. After the arbitrator issues the written award, however, the prevailing Party may apply to the arbitrator for recovery of all reasonable costs and expenses associated with the arbitration, including, but not limited to, the fees of the arbitrator, administrative fees, and reasonable attorneys' fees. Such costs and expenses will be awarded at the arbitrator's discretion.

Notwithstanding anything to the contrary, the arbitrator shall exceed his or her powers if the arbitrator awards damages inconsistent with the Limitation of Liability and Consequential Damages Waiver provisions set forth in Section B.14.1 (Limitation of Liability), and Section B.14.2 (Consequential Damages Waiver). The Parties irrevocably waive the award of any such damages.

The language to be used in the arbitration shall be English.

- 20.5. **Preliminary Relief.** At any point after a Dispute has arisen, in the event interim or provisional relief is necessary to protect the rights or property of a Party under Sections B.1.4 and B.10 of this Agreement or otherwise prior to the resolution of the Dispute, either Party may, without waiving any process or remedy under this Agreement, seek such relief from any court of competent jurisdiction.

Any attempted assignment in violation of the preceding sentence shall immediately terminate the Agreement and be without legal effect. Cisco shall have the right to assign all or part of this Agreement to another Cisco or Cisco-affiliated entity without Registered Partner's approval.
- 22.2 Relationship of the Parties; No Partnership. Each Party to this Agreement is an independent contractor. This Agreement does not create any agency, partnership, joint venture, employment or franchise relationship. Furthermore, no labor relationship between Cisco and Registered Partner employees is created hereby. Registered Partner shall indemnify and hold Cisco harmless of any claim or judicial action whatsoever from any Registered Partner employee. Neither Party has the right or authority to, and shall not, assume or create any obligation of any nature whatsoever on behalf of the other party or bind the other party in any respect whatsoever. Notwithstanding the use of the term "Partner" in this Agreement, the Parties do not intend to create any legal relationship of partnership between them, and neither will assert to any third party or otherwise claim that such a legal relationship exists between them.

- 22.3 Survival. Part A and Sections B.3, B.4, B.6.2, B.6.3, B.8, B.9.3 and B.10 through B.22 shall survive the expiration or termination of this Agreement.
- 22.4 Notices. All notices required to be provided under this Agreement shall be provided (a) by Registered Partner, to contract-notice@cisco.com, and (b) by Cisco, to the electronic mail address provided by Registered Partner with its Partner Registration application. Notices shall be deemed received one business day after being sent by e-mail.
- 22.5 Enforceability.
- 22.5.1 Registered Partner agrees that the electronic mail address it has provided corresponds to a person that has the capacity and authority to execute this Agreement and any amendments on behalf of Registered Partner.
- 22.5.2 Registered Partner and Cisco each waive any defense to the validity or enforceability of this Agreement arising from the electronic submission and electronic acceptance of this Agreement by Registered Partner.
- 22.5.3 If Registered Partner needs a physical document evidencing the Agreement, Registered Partner may (i) print the accepted Agreement or (ii) request from Cisco a signed version, in which case Registered Partner shall print and return to Cisco two (2) printed, executed originals of the Agreement. Such printed originals shall not be deemed accepted by Cisco unless Cisco returns one (1) counter-signed original to Registered Partner.
- 22.5.4 Registered Partner agrees that any contact associated with its online profile with Cisco, as identified by electronic mail address and CCO ID, corresponds to a current employee or person working under a valid contract on behalf of Registered Partner to perform specific ongoing job functions which require access to Cisco Channel resources.
- 22.5.5 Registered Partner will maintain a current list of approved contact associations. Furthermore, Registered Partner will disassociate employees and contractors from its online profile as soon as their employment is abandoned or terminated.
- 22.5.6 Registered Partner's employees and contractors will not share CCO IDs, which enables Cisco.com users to view and access personalized information online. If employees do share CCO IDs, Registered Partner will not be in compliance with Cisco's privacy policy statement and EU regulations, which stipulate that Cisco will not share personal information with another individual without express approval.
- 22.6 Audit. Registered Partner will keep full, true, and accurate records and accounts ("**Records**"), including but not limited to details of the purchase order issued by Registered Partner, the purchase order received by Registered Partner from the End User, documentary proof of delivery to the End User, including signatures and stamps, End User sales invoices, relevant serial numbers, proof of payment, supply contracts, any applicable Cisco special pricing codes (such as Deal IDs), and documentation related to the Records, in accordance with generally accepted accounting principles, of each Cisco Service and Product purchased and resold, including information regarding compliance with Cisco marketing and sales programs, Software usage and transfer, and export. Records may be kept in electronic or hardcopy form. Registered Partner shall keep such Records for no less than three (3) years after the termination of this Agreement. Registered Partner shall make these Records available for audit by Cisco upon fifteen (15) days prior written notice, during regular business hours, at those locations where Partner may maintain relevant records. Additionally, Registered Partner shall make such Records available via email if requested by Cisco. Registered Partner additionally acknowledges that from time to time Cisco or its independent auditors may request data extracts from the electronic Records (including supervised access to the functioning data processing system from which the data was extracted in order to review records related to Cisco Products and Services to verify payment, suppliers, and related details) and may

conduct additional specific audits with the purpose of monitoring and ensuring compliance by Registered Partner and its Authorized Source with Cisco's policies and applicable laws. Such audits may include, without limitation, investigations in order to prevent the acquisition, use, promotion or Resale of Non-Genuine Products and/or Unauthorized Cisco Products. Audits may include the requirement for access to any Cisco Products stored or used onsite, and verification of the proper use, tracking, and location of any Not For Resale Products. When requested, Registered Partner shall collaborate with Cisco's auditors and provide accurate and truthful information. In all cases, Registered Partner agrees to bear, and/or promptly repay to Cisco, all costs, fees, and expenses, incurred by Cisco in the performance of any such audit and/or investigation that discloses any material breach of this Agreement by Registered Partner. Registered Partner acknowledges and accepts that, in addition to the above audit rights, Cisco may directly contact any End User at any time in order to verify and/or inform End Users about Registered Partner's compliance or non-compliance with this Agreement.

Registered Partner acknowledges and accepts that Cisco shall be entitled to recover its costs incurred as a result of Registered Partner's failure to maintain, and provide access to, the Records in compliance with the provisions of this Audit section, and Cisco shall be entitled to recover any revenue lost due to misuse by Registered Partner of any program or promotion, and, if Registered Partner does not reimburse Cisco within 60 days for all amounts improperly claimed, paid, or due, Cisco may, in addition to any other remedy, withhold Registered Partner's access to programs, promotions, and special pricing or discounts.

22.7 Data Protection. Registered Partner agrees to the following in regard to data protection:

22.7.1 Registered Partner will use any data related to sales leads solely for the purpose of contacting the prospective End Users identified (the "Lead") in connection with the promotion and resale of Cisco Products and Services, and for no other purpose.

22.7.2 Registered Partner will not disclose or transfer any Lead data to any other party, without the prior permission of Cisco or the applicable End User (except as otherwise required by applicable law, in which case Registered Partner must first notify Cisco and the End User, if allowable by law).

22.7.3 Lead data is Confidential Information of Cisco and the prospective End User. Registered Partner agrees to protect Lead data with safeguards reasonably designed to protect the information against unauthorized access, use, and disclosure. These safeguards are in addition to any other confidentiality and security obligations contained in agreements between Registered Partner and Cisco.

22.7.4 Registered Partner will use Lead data in compliance with applicable laws and regulations, including, without limitation, those governing unsolicited marketing communications.

22.7.5 Registered Partner will indemnify and hold Cisco harmless from and against any damage, injury, loss, claim, or liability incurred as a result of Registered Partner's failure to abide by this Section 22.7.

22.8 URLs. Registered Partner hereby confirms that it has the ability to access, has accessed, has read and agrees to, the information made available by Cisco at all of the world wide web sites/URLs/addresses/pages referred to anywhere throughout this Agreement. Registered Partner acknowledges that Cisco may modify any URL address or terminate the availability of any information at any address without notice to Registered Partner.

22.9 Other Remedies. All Cisco remedies specified in this Agreement shall be in addition to, and shall in no way limit, any other rights and remedies that might be available to Cisco, all of which Cisco hereby expressly reserves.

22.10 Translations. This Indirect Channel Partner Agreement is prepared in the English language. Other languages are translations for convenience purpose only. If there is any conflict between the original English language and other languages, to the extent permitted by law, the English language shall prevail.

- 22.11 Communications. By entering into this Agreement, Registered Partner agrees to receive communications and emails from Cisco and Cisco Authorized Distributors regarding onboarding, certifications, programs, incentive accounts, conduct, and requirements.
- 22.12 Marketing. By entering into this Agreement, Registered Partner agrees to allow Cisco to share aggregated information collected from Registered Partner's sales (such as results from statistical models as to propensity to buy and customer wallet share) with other Cisco Channel Partners to market to End Users.
- 22.13 Severability. In the event that any of the terms of this Agreement become or are declared to be illegal or otherwise unenforceable by any regulatory body or court of competent jurisdiction, such term(s) shall be null and void and shall be deemed deleted from this Agreement. All remaining terms of this Agreement shall remain in full force and effect. Notwithstanding the foregoing, if this paragraph becomes applicable and, as a result, the value of this Agreement is materially impaired for either Party, as determined by such Party in its sole discretion, then the affected Party may terminate this Agreement by written notice to the other.
